José Antonio Alpala Tapia

Quito, Pichincha, Ecuador | alpalajose99@gmail.com | +593984736029

Professional Profile

Software developer with over 5 years of experience in full-stack development, specialised in backend and with knowledge of frontend and mobile development. Experience in designing, implementing and maintaining scalable cloud solutions. Skilled in Go, Python, TypeScript, React, MongoDB and SQL.

Work Experience

Backend Developer | Kushki

July 2024 - Present

- Maintenance and development of microservices for client integrations.
- Code optimisation ensuring high test coverage and quality.
- Identification and resolution of bugs in key business features.

Full Stack Developer | Tglabs

March 2022 - June 2024

- Development and maintenance of backend services on AWS (Lambda, EC2, RDS).
- Implementation of SQL and NoSQL databases (PostgreSQL, MongoDB).
- Development of mobile applications with Flutter and React Native.
- Use of Docker and Kubernetes for application deployment and scalability.
- Frontend development with React and Firebase.

Backend Developer | Linkme S.A

September 2021 - March 2022

- Design of backend architectures focused on performance and scalability.
- Development of Azure Storage solutions for image management.
- Implementation of containers with Docker and Kubernetes in production environments.

Software Developer | Auconsis

September 2020 - September 2021

- Development of applications with JavaScript, React and MongoDB.
- Participation in the full development lifecycle (planning, implementation, testing, deployment).

Technical Skills

- Languages: Go, TypeScript, Python, JavaScript
- Frameworks: React, React Native, Flutter
- Backend & Databases: SQL, NoSQL (MongoDB, PostgreSQL)
- Cloud & DevOps: AWS (Lambda, EC2, RDS), Azure, GCP (basic)
- Containers & CI/CD: Docker, Kubernetes, GitHub Actions
- Methodologies: Agile, Scrum

Education

Technologist in Software Development - Instituto Yavirac (July 2020 - March 2023)

Languages

- Spanish (Native)
- English (Upper-intermediate)
